

To Whom It May Concern,

I am writing to express my interest in the Technical Director position at Vintage Church. With a solid foundation in live church production and broadcasting across both multi-site and single-campus environments, I am confident that my experience, technical expertise, and leadership abilities align closely with the needs of your team. I am eager to contribute my skills and passion to help Vintage Church continue to create exceptional worship experiences.

With nearly a decade of experience in church production, I have had the privilege of overseeing and managing a wide range of technical operations, including live sound, lighting, camera operation, ProPresenter, and other production equipment. In previous roles, I was responsible for recruiting, training, and mentoring both volunteers and paid contractors to ensure they were equipped to operate various technical systems effectively. I also took pride in creating pre-produced video content for live environments and online use, ensuring that each piece seamlessly supported the worship experience. Additionally, I was entrusted with maintaining all production equipment across multiple venues, and I successfully oversaw large- and small-scale venue remodels to ensure each space was optimized for technical and aesthetic quality.

My diverse experience has honed my ability to focus on the details, communicate clearly under pressure, and adapt to the unexpected challenges that come with live production. However, what truly drives me is my commitment to shepherding the people I work alongside. I believe in cultivating an environment where team members feel valued, supported, and equipped to excel in their roles. My passion lies in using technology to create seamless, distraction-free worship experiences, which is why I am excited about the opportunity to bring my skills to Vintage Church.

I would welcome the chance to discuss how my experience and vision align with your goals for the Technical Director role. Please feel free to contact me at 480.455.7331 or via email at isaiahpatterson21@icloud.com to arrange an interview at your convenience.

Thank you for considering my application. I look forward to the possibility of contributing to the continued success and growth of Vintage Church.

Sincerely,

Isaiah Patterson
